AUTHOR AND SUBJECT INDEX

A

Acute drug reaction due to the barbiturate fraction of reducing pills (Bernard M. Zussman), 618
Airborne mold flora of the Atlanta area, 1953-1954 (Morris A. Gordon, Ph.D.), 400
Allergic children: The clinical importance of food dislikes (Mary S. Boyden and Jerome Glaser), 277
Allergic dermatitis produced by pathogenic and saprophytic fungi (Otis Field Jillson), 14
Allergic management of dendritic ulcer: A report of three cases (Johnny A. Blue), 165
Allergic rhinitis and bronchial asthma in ragweed-sensitive subjects: Observations on the course of (Clifford W. Gurney and Sydenham Cryst), 367
Allergy and the diffuse collagen diseases (N. G. B. McLetchie), 281
Allergy in the future (Carl E. Arbesman), 385
Allergy, mouse (Alan H. Sorrell and James Gottesman), 662
Allergy problems related to dentistry (J. Warrick Thomas and Harold M. Syrop), 603
Allergy to estrogens (Joseph Rebhun), 647
Anaphylactic reaction to D.P.T. vaccine caused by a silk antigen (Arthur H. Rosenblum), 621
Anaphylactic reactions to penicillin: Case reports with certain immunologic observations (Gustavus A. Peters, Lowell L. Henderson, and Louis E. Prickman), 135
Anaphylaxis and anti-anaphylaxis (A. Besredka), 296
Anticholinergic drug: Its use in treatment of asthma (D. Edward Frank and Walter R. MacLaren), 261
Antigenic analysis by gel diffusion III. Pollens of the Amaranth-Chenopod group (Roger P. Wodehouse), 527
Antihistamine. Clinical appraisal of a new drug in allergic disease (Sydney F. Smith), 25
Arbesman, Carl E.: Allergy in the future, 385
Asthma, bronchial: Clinical evaluation of Sandostene® plus calcium (L. La Mantia, M. A. Kaplan, A. L. Aaronson, Howard Lee), 506
Asthma, bronchial: Observations on the course of allergic rhinitis in ragweed sensitive subjects (Clifford W. Gurney and Sydenham Cryst), 367
Asthma, chronic: Evaluation of choline theophyllinate in the management of (Harold S. Tuft), 420
Asthma: The use of an anticholinergic drug in treatment of (D. Edward Frank and Walter R. MacLaren), 261
Asthmatic attacks: A new formula for relief (K. A. Baird), 526
Atlanta area: Airborne mold flora, 1953-1954 (Morris A. Gordon, Ph.D.), 400
Atomic energy and the life sciences (Alan Gregg), 525

B

Baird, K. A.: A new formula for relief of asthmatic attacks, 526
Bancroft, Charles M.: Tripelennamine hydrochloride and chlorprophenpyridamine, 297
Besredka, A.: Anaphylaxis and anti-anaphylaxis (1919), 296, 486, 498, 595
Blatt, Nantz, and Rehm technique, A study of sensitivity of human leukocytes to tuberculin and other bacterial products (Morris Scherago, John C. Partin and Herbert E. Hall), 1
Blue, Johnny A.: Allergic management of dendritic ulcer, 165
Boyden, Mary S., and Glaser, Jerome: The clinical importance of food dislikes in allergic children, 277
Bronchial asthma: Studies on antibodies to yeasts in: (M. Goldin, A. Libretti, Ann Hoffman, and M. A. Kaplan), 119

Bronchial asthma: Therapeutic effectiveness of Elixophyllin for the oral treatment of acute and chronic bronchial asthma (Aaron D. Spielman), 270
Bronchospastic diseases: Physiologic studies with the Medihaler-Isoproterenol (Merrill M. Goldstein, Ernest O. Attinger, and Isaak Hapner), 626
Brown, Ethan Allan: The prevention of reactions to repository injection treatment, 499

C

Chervinsky, Paul: Erythema multiforme following poliomyelitis vaccination, 30
Chlorprophenpyridamine maleate and tripelennamine hydrochloride (Charles M. Bancroft), 297
Choline theophyllinate: Evaluation of its use in management of chronic asthma of childhood (Harold S. Tuft), 420
Clinical appraisal of a new antihistamine in allergic disease (Sydney F. Smith), 25
Clinical evaluation of a new antihistaminic drug (Nathan Schaffer), 427
Clinical evaluation of Sandostene® plus calcium in bronchial asthma (L. La Mantia, M. A. Kaplan, A. L. Aaronson and Howard Lee), 506
Cohrs, Clarence C.: Use of non-flushing doses of histamine in the treatment of foreign protein type reactions, 379
Comparison of the rate of absorption of subcutaneously and intramuscularly injected Phenolsulphonephthalein (Samuel J. Levin, William Roubeck and David Kliger), 642
Constitutional reactions: A method to block with antihistaminic drugs orally when produced by house dust extract (Enrique Drassinower), 150
Controlled studies of topical medications in nasal allergy (Henry D. Ogden and Jack R. Anderson), 414

D

Dendritic ulcer: Allergic management of (Johnny A. Blue), 165
Dentistry: Allergy problems related to (J. Warrick Thomas and Harold M. Syrop), 603
Dermatitis: Periorbital following adhesive type strapping of the lower extremities (William A. Reyer), 144
Dermatoses, pruritic: Treatment of with chlorpheniramine maleate and prednisone in combination (Metreton), 409
Drassinower, Enrique: A method to block the constitutional reactions produced by house dust extract with antihistaminic drugs orally, 150
Drug: A new non-narcotic antitussive (Tessalon®), (S. William Simon), 521
Drug: Clinical evaluation of a new antihistaminic drug in allergic diseases (Phillip M. Gottlieb and Jacob Yanoff), 305
Drug (Diafen®): Clinical evaluation of a new anhistaminic (Nathan Schaffer), 427

E

Elixophyllin: Its therapeutic effectiveness for the oral treatment of acute and chronic bronchial asthma (Aaron D. Spielman), 270
Erythema multiforme following poliomyelitis vaccination (Paul Chervinsky), 30
Estrogens: Allergy to (Joseph Rebhun), 647
Evaluation of choline theophyllinate in the management of chronic asthma of childhood (Harold S. Tuft), 420

F

Frank, D. Edward, and McLaren, Walter R.: The use of an anticholinergic drug in the treatment of asthma, 261
Fungi, pathogenic and saprophytic producing allergic dermatitis (Otis Field Jillson), 14
Further studies into the human serum factor which causes necrosis of guinea-pig skin (Donald Earl Schaffer), 487

G

Gel diffusion: Antigenic analysis III Pollens of Amaranth-Chenopod group (Roger P. Wodehouse), 527
Goldin, M.; Libretti, A.; Hoffman, Ann; Kaplan, M. A.: Studies on antibodies to yeasts in bronchial asthma, 119
Goldstein, Merrill M.; Ottinger, Ernest O.; and Hapner, Isaak: Physiologic studies with the Medihaler-Isoproterenol in bronchospastic diseases, 626
Gordon, Morris A.: Airborne mold flora of the Atlanta area, 1953-1954, 400
Gottlieb, Philip M., and Yanoff, Jacob: Clinical evaluation of Sandostene®, a new antihistaminic drug, in allergic diseases, 305
Gregg, Alan: Atomic energy and the life sciences, 525
Gurney, Clifford W.; Cryst, Sydenham: Observations on the course of allergic rhinitis and bronchial asthma in ragweed-sensitive patients, 367

H

Hartman, Milton M.: Nasal reactions to pollen and odor of roses, 391
Histamine: Use of non-flushing doses in treatment of foreign protein type reactions (Clarence C. Cohrs), 379
House dust extract: A method to block the constitutional reactions with antihistaminic drugs orally (Enrique Drassinower), 150
Human serum factor: Further studies into which causes necrosis of guinea-pig skin (Donald Earl Schaffer), 487
Hypersensitivity syndrome: Skin reactivity of a mouse (I. A. Parfentjev and Nancy S. Rafferty), 423

I

Iodide sensitivity. Observations on (Lamar B. Peacock and Hal M. Davison), 158
Is chronic urticaria an allergic disorder? (John H. Mitchell, Douglas L. Smith and Robert A. Mayers), 128
